Wood Students Pick Girls as Student Prexy

Gayle Schenk, newly-elected student body president of Howard Wood School, was installed this week before 900 classmates at a school assembly.

The new president, an eighth grader, is the second girl to win the office in the history of the school. She previously served as secretary and vice president of the student body and as a room representative.

Also receiving the oath of office from Student Judge Kay Porterfield were Marty Holly, vice president; Eilene Muranaka, secretary; Cheryl Tucker, lower grade commissioner; and Judge Porterfield. All are eighth graders with previous service in student government.

Hospital Work on Schedule

Construction on the new, 150-bed Little Company of Mary Hospital in Torrance is proceeding according to schedule, Mother M. Genevieve, provincial of the nursing order which will staff the hospital, announced today.

"Concrete for all four floors has been poured," Mother Genevieve pointed out, "and now work will commence on walls for the upper stairs and elevator shafts. Exterior steel studs for the ground and first floor walls are erected and ready for lathing."

Plumbing, heating, air-conditioning and electrical trades are progressing with the other building trades.

The service building of the hospital is practically 100% completed. Boilers and mechanical equipment have been installed together with connecting pipes and fittings.

Scheduled completion date of the modern general hospital which will serve some 100,000 residents of the Torrance, South Bay, and harbor areas, is July, 1959.
